

Evolve Sterling Silver Hibiscus (Celebration) Charm

\$49.00

SKU LK164

The native Pacific hibiscus flower blooms brightly in hues of red, pink, orange, yellow and white. Hibiscus are traditionally worn by women behind their ear or given as a welcome gift, celebrating the beauty of a bride, arrival of honoured guests or other happy occasions. In New Zealand the hibiscus is a celebrated sign of summer, lending its name to the Hibiscus Coast, a beautiful stretch of coastline north of Auckland, famous for its pristine beaches and sunny climate.
